Art. 7.2 Weigh-in Procedures

The fighters of each weight category will be weighed the day before the competition or in the morning between 8:00 and 10:00 o'clock on the same day that they have been drawn to fight.

The Chairman of Tatami Sports and the Technical Director or the official substitutes will be allowed to modify these conditions in case of an inevitable postponement.

The fights will start at least 3 hours after the weigh-in time, or in a shorter lapse of time if the Board of Directors so decides after consulting with the Medical Committee, provided that the decision is not prejudicial to any kickboxer taking part in the first bouts of the tournament.

The WAKO authorized delegates will perform the weigh-in. WAKO representatives of any national association may be present, but are not allowed to intervene on any occasion.

Each fighter will be officially weighed only once. The weight registered on that occasion is final. However, it is possible for the representative of a country whose fighter has not reached the right weight limit during the official weigh-in, to put him into another, suitable weight category, provided that the country in question has

WAKO General Rules of Tatami Sports

got a vacancy in that category and the weigh-in has not yet closed. It is also allowed for all countries to replace one kickboxer with another, before the end of the first weigh-in and the medical check-up, on condition that, within each competition where substitutes are allowed, the kickboxer in question has been registered as a reserve for that, or in any other weight category.

The weight is what the scale shows when the fighter is undressed. The weight must be displayed in metric measures. Electronic scales can be used. A fighter is generally allowed to fight solely within the category defined by the weigh-in.

Each fighter must have his own WAKO SPORT PASS with MEDICAL TEST included, valid for 1 year, to be shown at weigh-in procedures.

In European or World Championships, NO FOREIGN COMPETITORS can be part of a National Team and official passports must be issued by the nation of the team. At weigh-in, official passports must be shown to the registration/weigh-in officials in charge. In Continental Championships competitors from other continents are not allowed to participate.

Art. 7.2.1 International Bouts

For tournaments or competitions between two or more nations, the weigh-in will be carried out by a member appointed by the National Federation/Association of the organizing country, with a representative of the participating country or countries present and allowed to verify the weight of each kickboxer. The Association/Federation of the country which hosts a "visiting" team will provide it with scales (for the purpose of weight check) and a training area, when the last visitor has arrived in the town where the match takes place. WAKO referees (for world, international or national matches) will referee each bout: two or three judges may equally officiate if necessary. Each fighter must, before weigh-in, be judged fit for fighting by the doctor appointed by the Board of Directors. In order to assure a successful weigh-in, the Board of Directors can decide to start the medical check-up earlier.

Art. 8. Rounds

All WAKO fighting styles shall have 3 x 2-minute rounds in all WAKO tournaments. In World Cup or Open Wako Championships, this can be a 2 x 2 or 1 x 3-minute round.

In Continental and World Championships for seniors and juniors, there will be 3 rounds of 2 minutes, with 1 minute rests between rounds in both elimination matches and the finals. For official WAKO world, continental, International Opens and regional Cups, due to the large number of competitors, the time can be reduced to 2 rounds of 2 minutes each, with a one minute rest between rounds, or one round of three minutes both in eliminations and the finals.

For Cadets in Continental and World Championships: fights are 2 rounds of 1'30" (qualification, semifinals and finals). For official WAKO world, continental, International Opens and regional Cups, due to the large number of competitors, the time can be reduced to 1 x 2-minute round.

In case of draw declared by the central referee at the end of match, in a semi contact competitions there is a prolongation on an extra round of 1 minute.

In case of another draw, the "sudden death rule" will be applied, i.e. winner is the fighter who scores the first mark.

Art. 9. Special violations of Rules

If a fighter, coach or a whole team protests without leaving the tatami immediately after the fight, the Chairman of Tatami Sports, after consultation with the Board of Directors or the tournament organization, is allowed to disqualify the whole team.

Art. 10. Use of Drugs

WAKO follows the WADA Code of Conduct and its lists of prohibited substances which may be amended from time to time. Consult WAKO Anti Doping Rules and procedures.

Any kickboxer refusing to submit to a medical examination or doping test before or after a fight may be immediately disqualified or suspended pending a full hearing.

The same will occur in the case of an official encouraging such a refusal. The use of local anesthetics is allowed, if agreed upon by a doctor from the Medical Committee.

WAKO refers to and adopts WADA Anti Doping Rules in all cases.
